CURRICULUM VITAE

Dr. Mohammad Ashraf Bhat

Pen name: Dr. Ashraf Zainabi

Assistant Professor (C), Design Innovation Centre (DIC), Islamic University of Science and Technology (IUST), Awantipora, J&K, India

Maulana Azad National Fellow | Teacher Fellow, Indian Academy of Sciences, Bangalore

Email bhatashraf@gmail.com

Expertise Waste management, wastewater treatment, phytoremediation, environmental science communication.

Profile Assistant Professor and researcher with more than seven years of teaching experience, 8 scientific papers, 2 book chapters, 3 supervised M.Tech. theses, and an R&D project supported by DST, J&K.

EDUCATION

Ph.D. Zoology	Pondicherry University, India	**2016**
M.Phil. Environmental Technology	Pondicherry University, India	**2011**
M.Sc. Zoology	University of Pune, India	**2008**
B.Sc. Science	University of Kashmir, India	**2006**

AWARDS, FELLOWSHIPS & GRANTS

- Selected for Teacher Summer Research Fellowship by Indian Academy of Sciences, Bangalore, 2018.
- Best Research Paper Award at IWMER, Bharthidasan University, India, 2015.
- Awarded Maulana Azad National Fellowship for M.Phil. and Ph.D. courses, Government of India, 2010.
- Received an innovation grant of INR 1.5 lakh from DST, J&K.

RESEARCH PUBLICATIONS

1. Hussain, A.; Raja, V.; Bhat, M. A. (2023). Feasibility of Purple Nutsedge anchored in wood based charcoal for effective greywater treatment. *Materials Today: Proceedings*, Elsevier.
2. Bhat, M. A., Tabassum-Abbasi, Abbasi, T., & Abbasi, S. A. (2022). An inexpensive phytoremediation system for treating 50,000 L/day of sewage. *International Journal of Phytoremediation*, 25(8), 1029-1041.
3. Zainabi, A., & Ashraf, O. (2022). Role of Science, Technology, Executive, and Public in environmental conservation and waste management in politically and militarily conflicted regions. *Annals of Environmental Science and Toxicology*, 6(1), 047-049.
4. Bhat, M. A., Abbasi, T., & Abbasi, S. A. (2021). Pilot plant of SHEFROL phytoremediation technology for treating greywater of a typical Indian village. *Indian Journal of Environmental Protection*, 41(6), 668-672.
5. Bhat, M. A., Abbasi, T., & Abbasi, S. A. (2019). An onsite macrophyte-based system to treat greywater from a household plant-based household-scale greywater treatment system. *Taiwan Water Conservancy*, 68(2), 26-35.
6. Jeevendran, S., & Bhat, M. A. (2019). Role of municipal solid waste in water and soil pollution: a case study from Thirunallar temple town, South India. *Indian Journal of Environmental Protection*, 40(4), 441-444.
7. Bhat, M. A., & Abbasi, T. (2015). Feasibility of using salvinia as a bioagent for continuous treatment of sewage in SHEFROL bioreactors. *International Journal of Environmental Science and Engineering Research*, 6(2), 1-4.
8. Dar, J. A., Mir, M. F., Bhat, N. A., & Bhat, M. A. (2013). Pollution studies of a monomictic lake, Srinagar, Jammu and Kashmir, India. *Forest Research*, 2(110).

BOOK CHAPTERS

1. Zainabi, A., Hussain, A., Ganie, G. A., Ashraf, O., Tabassum-Abbasi (2023). The weed *Plantago major* as an effective bioagent in SHEFROL bioreactor sewage treatment. In *Advances in Waste Management*, Lecture Notes in Civil Engineering, vol. 301, Springer Singapore.
2. Bhat, M. A., Abbasi, T., & Abbasi, S. A. (2018). Soil-less use of aquatic macrophytes in wastewater treatment and the novel SHEFROL bioreactor. In *Advances in Health and Environment Safety*, Springer Singapore.

CONFERENCE PRESENTATIONS

1. Treatment of domestic wastewater from a fishing hamlet in Pondicherry using SHEFROL bioreactor, 11th JK Science Congress, University of Kashmir, 2015.
2. Efficiency of SHEFROL bioreactor to treat wastewater generated by village communities, National Seminar on Integrated Waste Management and Energy Recovery, Bharthidasan University, 2015.
3. Adaptation of a novel bioreactor SHEFROL to treat household wastewater, International Conference on Water: From Pollution to Purification, Mahatma Gandhi University, 2015.
4. Employing *Alternanthera sessilis* as a bioagent in SHEFROL bioreactor for high-rate wastewater treatment, Poornima University, Jaipur, 2014.
5. Exploration of *Salvinia molesta* for rapid treatment of septic tank effluents in SHEFROL bioreactor, Annamalai University, 2014.
6. Pilot plant demonstrating salvinia for rapid sewage treatment in SHEFROL bioreactor, SRM University, Chennai, 2014.
7. Salvinia as a promising bioagent for rapid domestic wastewater treatment in SHEFROL bioreactor, Poornima Group of Colleges, Jaipur, 2013.
8. Assessment of *Marsilea quadrifolia* as a bioagent for rapid wastewater treatment, Arunai Engineering College, Tamil Nadu, 2013.
9. Performance of *Salvinia molesta* for rapid treatment of septic tank effluents, Mahatma Gandhi University, Kerala, 2012.

WORKSHOPS & SYMPOSIA

- One Week Workshop on Water Conservation and Management, National Institute of Technology Srinagar, 2019.
- International Conference on Green India Strategic Knowledge for Combating Climate Change, Pondicherry University, 2013.
- 7th National Symposium on Plant Protection Options, IARI New Delhi and NCL Pune, 2007.

EDITORIAL & REVIEW SERVICE

- Reviewer, Journal of Water, Sanitation and Hygiene for Development, International Water Association.
- Editor, American Journal of Water Science and Engineering, Science Publishing Group.
- Reviewer, Grassroots Journal of Natural Resources.

ADMINISTRATION & PUBLIC WRITING

- Member IQAC for NAAC assessment in colleges.
- Coordinator, Research Cell.
- Election Commissioner for student body elections.
- Columnist for Greater Kashmir, Kashmir Observer, Countercurrents, and other English dailies of J&K.
