

Curriculum Vitae

Dr. M. Ashraf Bhat

Assistant Professor (C), Department of Higher Education, Government of Jammu & Kashmir

Maulana Azad National Fellow

Teacher Fellow, Indian Academy of Science, Bangalore, India

E.mail: bhatashraf@gmail.com

(A). Teaching Experience as Assistant Professor (C) 7 Years+

(B). Education

Ph.D. Zoology, Pondicherry University, India	2016
M.Phil. Environmental Technology, Pondicherry University, India	2011
M.Sc. Zoology, University of Pune, India	2008
B.Sc. Science, University of Kashmir, India	2006

(C). A short summary of my work

Dr. Bhat is an Assistant Professor (C) at Higher Education Department, Government of Jammu & Kashmir. His major areas of research are waste management & wastewater treatment.

Dr. Bhat has authored 8 scientific papers and 2 book chapters. Dr. Bhat has supervised 3 M. Tech. thesis. Dr. Bhat has completed one R&D project sponsored by DST, J&K. He serves as an editorial board member and reviewer for various Journals.

Dr. Bhat has significant administrative experience as member IQAC for NAAC assessment in Colleges, Coordinator Research Cell and Election Commissioner for student body elections.

Dr. Bhat is a regular columnist at Greater Kashmir and other English Dailies of J&K. His weekly articles appear in Greater Kashmir, Kashmir Observer and Countercurrents.

(D) Awards, Fellowships and Projects

2018	Selected for Teacher Summer Research Fellowship (T-SRF) 2018 by Indian Academy of Sciences Bangalore.
2015	Best Research Paper Award at IWMER, Bharthidasan University, India
2010	Awarded with Maulana Azad National Fellowship (MANF) for 5 years for M.Phil. & Ph.D. Courses from Govt. of India.

(E). Grants

Received one innovation grant of 1.5 Lakh INR from DST, J&K

(F) Research Publication

1	Arshad Hussain; Vaseem Raja; M. Ashraf Bhat (2023). Feasibility of Purple Nutsedge anchored in wood based charcoal for effective greywater treatment. <i>Materials Today: Proceedings</i> , Available online 13 February 2023. <i>Elsevier (IF-2.301)</i>
2	Bhat, M. A., Tabassum-Abbasi, Abbasi, T., & Abbasi, S. A. (2022). An inexpensive phytoremediation system for treating 50,000 L/day of sewage. <i>International Journal of Phytoremediation</i> , 25(8):1029-1041. <i>Taylor & Francis (IF-4.003)</i>
3	Zainabi, A., & Ashraf, O. (2022). Role of Science, Technology, Executive, and Public (STEP) in Environmental conservation and waste management and the scenario in Politically and Militarily Conflicted Regions (PMCRs) of the world. <i>Ann Environ Sci Toxicol</i> , 6(1), 047-049.
4	Bhat, M. A., Abbasi, T., & Abbasi, S. A. (2021). Pilot plant of SHEFROL phytoremediation technology for treating greywater of a typical Indian village. <i>Indian Journal of Environmental Protection</i> , 41 (6): 668-672. <i>(IF-0.137)</i>
5	Bhat, M. A., Abbasi, T., & Abbasi, S. A. (2019). An onsite macrophyte-based system to treat greywater from a household plant-based household-scale greywater treatment system. <i>Taiwan Water Conservancy</i> , 68 (2):26-35. <i>(IF-0.149)</i>
6	Jeevendran, S., & Bhat, M. A. (2019). Role of municipal solid waste in water and soil pollution: a case study from Thirunallar temple town, South India. <i>Indian Journal of Environmental Protection</i> , 40 (4): 441-444. <i>(IF-0.137)</i>
7	Bhat, M. A., & Abbasi, T. (2015). Feasibility of using salvinia (<i>Salvinia molesta</i>) as a bioagent for continuous Treatment of sewage in SHEFROL® bioreactors. <i>International Journal of Environmental Science and Engineering Research (IJESER)</i> , 6(2):1-4
8	Dar, J. A., Mir, M. F., Bhat, N. A., & Bhat, M. A. (2013). Pollution Studies of a Monomictic Lake, Srinagar, Jammu and Kashmir, India. <i>Forest Res</i> , 2(110).

(G) Book chapters

1	Zainabi, A., Hussain, A., Ganie, G.A., Ashraf, O., Tabassum-Abbasi (2023). The Weed <i>Plantago Major</i> is an Effective Bioagent in Achieving Rapid Treatment of Sewage in SHEFROL® Bioreactor. In: Siddiqui, N.A., Baxtiyarovich, A.S., Nandan, A., Mondal, P. (eds) <i>Advances in Waste Management</i> . AIR 2021. Lecture Notes in Civil Engineering, vol 301. Springer, Singapore. https://doi.org/10.1007/978-981-19-7506-6_15
2	Bhat, M. A., Abbasi, T., & Abbasi, S. A. (2018). Soil-less use of aquatic macrophytes in wastewater treatment and the novel SHEFROL® bioreactor. In <i>Advances in Health and Environment Safety: Select Proceedings of HSFEA 2016</i> (pp. 297-316). Springer Singapore. https://link.springer.com/chapter/10.1007/978-981-10-7122-5_30

(H). List of Papers Presented in National/International Conferences

1.	Treatment of Domestic Wastewater from a Fishing Hamlet in Pondicherry using SHEFROL® Bioreactor. 11 th JK Science Congress, <i>University of Kashmir</i> , 2015.
2.	Efficiency of SHEFROL® Bioreactor to Treat the Wastewater Generated by the Village Communities. National Seminar on Integrated Waste Management and Energy Recovery, <i>Department of Environmental Management, Bharthidasan University, Tamil Nadu, India</i> , February 12, 2015.
3.	Adaptation of a Novel Bioreactor SHEFROL® to Treat Household Wastewater. International Conference on Water: From Pollution to Purification, <i>Centre for Environment Education and Technology (CEET), Kottayam, Kerala, and Advanced Centre of Environmental Studies and Sustainable Development (ACESSD), Mahatma Gandhi University, Kottayam, Kerala, India</i> , January 23-26, 2015.
4.	Employing <i>Alternanthera sessilis</i> as a Bioagent in SHEFROL® Bioreactor for High Rate Treatment of Wastewater. National Conference on Emerging Trends in Water Quantity and Quality Management, <i>Poornima University, Jaipur, India</i> , December 19-20, 2014
5.	Exploration of the Efficiency of <i>Salvinia molesta</i> as a Bioagent in Rapid Treatment of the Septic Tank Effluents in SHEFROL® Bioreactor. 3 rd National Conference on Challenges in Biochemical Engineering and Biotechnology for Sustainable Environment, <i>Department of Chemical Engineering, Annamalai University, Tamil Nadu, India</i> , April 02-03, 2014.
6.	A Pilot Plant demonstrating the efficacy of the weed salvinia (<i>Salvinia molesta</i>) for the Rapid Treatment of Sewage in SHEFROL® Bioreactor. School of Public Health, Global Public Health Conference, <i>SRM University, Chennai, India</i> , February 21-23, 2014.
7.	Salvinia (<i>Salvinia Molesta</i> , Mitchell): a Promising Bioagent for very Rapid Treatment of Domestic Wastewater in the SHEFROL® Bioreactor. National Conference on Hydrology with special emphasis on Rain Water Harvesting, <i>Poornima Group of Colleges, Jaipur, India</i> , November 15-16, 2013.
8.	Assessment of the Role of Macrophyte <i>Marsilea quadrifolia</i> as a Bioagent for very Rapid Wastewater Treatment in SHEFROL® Bioreactor. International Conference on Bioenergy, Environment and Sustainable Technologies, <i>Arunai Engineering College, Tiruvannamalai, Tamil Nadu, India</i> , January 27-30, 2013.
9.	Performance of <i>Salvinia molesta</i> , Mitchell as a Bioagent for very Rapid Treatment of Septic Tank Effluents in the SHEFROL® Bioreactor. National Conference on Conservation and Management of Wetland Ecosystems, <i>School of Environmental Sciences, Mahatma Gandhi University, Kottayam, Kerala, India</i> , November 06-08, 2012.

(I). Workshops/Conferences/Symposiums participated

1	One Week Workshop on Water Conservation and Management, National Institute of Technology Srinagar Hazratbal-190006-J&K. 30 th July-3 rd August 2019.
2	International Conference on Green India Strategic Knowledge for Combating Climate Change Prospects and Challenges (GISKCCC-2013), <i>Pondicherry University, India</i> , December 05-07, 2013.
3	7 th National Symposium on PLANT PROTECTION OPTIONS- Implementation and Feasibility. Society of Plant Protection Sciences, <i>IARI New Delhi and (NCL) Pune, India</i> , December 20-22, 2007.

(J). Editor/Reviewer Board Member

1.	Reviewer, Journal of Water, Sanitation and Hygiene for Development, International Water Association (IWA), United Kingdom.
2.	Editor, American Journal of Water Science and Engineering, Science Publishing Group, U.S.A.
3	Reviewer, Grassroots Journal of Natural Resources, The Grassroots Institute 548 Jean Talon Ouest, Montreal (QC) H3N 1R5 Canada
